

## **THYROID ANTIBODIES Test Kit Instructions**

### **Specimen Requirements**

A blood specimen is required, which can be taken at any time of the day. Fasting is not required beforehand.

### **Specimen Collection**

Once the practitioner has given the patient their request form, the patient takes it to their nearest Healthscope collection centre. To view a full list of Healthscope collection centres in each state, please visit [www.functionalpathology.com.au](http://www.functionalpathology.com.au)
